

# Customized, reliable climate solutions.

# Same-day climate solutions.

Cooling, heating, dehumidification, air quality...no matter the emergency or complexity, we have you covered. Our team provides the knowledge and equipment to create the safe, ideal environment you need at critical speed. Planned or unplanned, we're there for you.

## Fleet for every need

We know climate emergencies come in all shapes and sizes. That's why we carry a full line of portable AC equipment from 1 to 12 tons, heaters, evaporative coolers, dehumidifiers and air scrubbers. Our fleet is designed for rapid deployment and maintained for peak dependability. From spot coolers to large mobile ACs with heat, we'll deliver sensible, efficient climate solutions to meet your exact need.

## Parts and accessories

United Rentals offers a full complement of accessories to ensure the installation and operation of your rental equipment is quick and complete. Examples include:

- Flexible duct
- Ceiling tile kits
- Condenser plenum kits
- Condensate pumps and tubing
- Extension cords and cable
- Extra filters, flanges and nozzles

## Delivery and installation services

It's not enough just to have first-rate equipment; superb delivery and installation services are required to exceed customer expectations. United Rentals leverages our nationwide network of Climate Solutions branches, an inventory optimized for seasonal peaks, and local service experts to quickly deliver and expertly install your climate solution.

## Climate solution specialists

Available 24 x 7, our experienced specialists can design the perfect climate solution for your most complex climate challenge. Our experts consider every facet of your project to create a tailored submittal that leaves nothing to chance. When the need is urgent, our experts will expedite your order to meet the delivery and installation timelines.

# Equipment Selection Guide

## 1 Ton to 5 Ton

### Description

United Rentals Climate Solutions offers a complete line of 1 to 5 ton portable air conditioners. These temporary cooling units are ideal for server/equipment rooms, office spaces, healthcare facilities, retail businesses, schools, events and other commercial or industrial applications. Air-cooled portable air conditioners are most often the system of choice for end-users and industry professionals. The fact that they can be installed almost anywhere—usually in minutes—explains their popularity.

- Cooling capacities from 1 to 5 tons
- Several 110-volt models, up to 18,000 BTU/HR
- Often only one exhaust duct needed

Model	Capacity		Voltage/Phase	Running Amps	Breaker Amps	NEMA Plug Type	Dimensions W X D X H	Weight Lbs
	BTU	Ton						
Classic Plus 14	13,200	1.1	115 / 1	11.9	15	NEMA 5-15	19 x 26 x 41 in	166
Office Pro 18	16,800	1.4	115 / 1	15.6	20	NEMA 5-20	21 x 27 x 44 in	170

# 1.5 Ton to 5 Ton

## Description

United Rentals Climate Solutions offers a complete line of 1.5 to 5 ton portable water-cooled air conditioners. These temporary cooling units are ideal for server/equipment rooms, office spaces, healthcare facilities, retail businesses, schools, events and other commercial or industrial applications where venting hot air is not possible. A water faucet with drain or condenser/chilled water loop is required for operation. These systems need no exhaust ducts.

- Popular in hospitals and labs
- Great for restaurants
- Great when ducting is impractical
- Cooling capacities from 1 to 5 tons
- Remote thermostat available

# 1 Ton to 5 Ton

## Description

United Rentals Climate Solutions offers a complete line of 1 to 5 ton portable heat pumps. These temporary heating/cooling units are ideal for office spaces, healthcare facilities, retail businesses, schools, events, and other commercial or industrial applications. Heat pumps are air conditioning and heating systems in one. Perfect for year-round use. Safe and convenient to install, our air-cooled heat pumps supply mechanical heat. They are very popular in office settings and medical facilities.

- Great for general office use
- Heating and cooling capacities from 1 to 5 tons
- Several 110-volt models
- Remote thermostat available

# 5 Ton and 12 Ton

## Description

United Rentals Climate Solutions offers 5 and 12 ton Mobile HVAC units. Cool and heat large areas with our mobile air conditioning systems. These temporary indoor/outdoor cooling and heating units are ideal for server/equipment rooms, construction jobsites, warehouses, events and tent temperature control, and other commercial or industrial applications. Their high static output enables efficient airflow for lengthy supply and return duct setups. They're not just central cooling systems with wheels added, they're designed and built to withstand the rigorous demands of rental use. Mobile air conditioners can be positioned outside your building with flexible air ducts or craned to the roof and connected to existing ductwork. They can fit through a standard doorway, enabling indoor use if needed.

- Cooling capacities: 5 and 12 tons
- Cool an entire building or floor
- Ideal for gymnasiums, warehouses, and tents
- Electric heat strip available
- Can be powered from a generator

# 7000 CFM to 14000 CFM

## Description

United Rentals Climate Solutions offers 7000 to 14000 CFM Evaporative Coolers. Evaporative coolers are ideal for manufacturing and other large warehouse cooling applications, outdoor festivals, tent cooling, sporting events, amusement parks, plus construction jobsite cooling and dust mitigation. All that is needed is water to provide the source of cooling. Evaporative coolers offer a low-cost alternative to air conditioning. Easy to set up, they simply use an internal or external water source to provide cooling.

- Ideal for warehouses and outdoor events
- Can connect to a standard garden hose
- High airflow

# 1.5kW to 9kW

## Description

United Rentals Climate Solutions offers a line of 1.5kW to 9kW electric heaters. These temporary heating units are ideal for construction jobsite heating and drying, office spaces, retail businesses, schools, events, and other commercial or industrial applications.

- Overheat protection at 104°F
- Durable steel casing with powder coating
- Stainless jacketed heating coils
- Fast, high temperature rise with uni-directional fan

# 130 to 235 Pints Per Day

## Description

United Rentals Climate Solutions offers LGR Dehumidifiers for areas with temperatures as low as 33 degrees F. These rugged models remove up to 235 pints of moisture per day. LGR dehumidifiers reduce humidity fast after leaks, spills and floods, or when humidity levels are too high for comfort, production, or safety. This professional-grade LGR dehumidifier continues to dry after humidity levels have dropped, which helps prevent mold and mildew.

- Low grain refrigerant with patented heat pipe technology
- Rugged roto molded housing
- Intelligent touch-pad controls
- Hot-gas bypass for fast defrost
- Dual handles and semi-pneumatic wheels
- Built-in ring for easy attachment of ducting

Model	Pints Per Day		Voltage/Phase	Running Amps	Breaker Amps	NEMA Plug Type	Dimensions W X D X H	Weight Lbs
	Min	Max						
LGR 7000XLi	135	235	115 / 1	8.3 A	15 A	NEMA 5-15	20 x 20 x 34 in	107

# 200 CFM to 2400 CFM

## Description

United Rentals Climate Solutions offers a line of 200 CFM to 2400 CFM Air Scrubbers/ Negative Air Machines with HEPA Filtration. Air filtration with HEPA filters remove airborne dust, fumes and harmful contaminants during renovation and restoration – up to 99.97% or greater at 0.3 microns, as per IEST-RP-CC001.3 requirements. Also can be used for negative air control – creates a negative pressure, inward airflow work area to control the spread of dust to other areas of the structure. Optional carbon filters can be used to remove odors, chemical vapors and harmful VOCs.

- Variable speed airflow
- Safely daisy-chain up to five 750 CFM units on one 15 amp circuit
- Easy access for fast pre-filter and HEPA filter replacement

Model	CFM		Voltage/Phase	Running Amps	Breaker Amps	NEMA Plug Type	Dimensions W X D X H	Weight Lbs
	Min	Max						
Predator 750	200	750	115 / 1	1.9 A	15 A	NEMA 5-15	26 x 20 x 20 in	35
PAS2400	700	2400	115 / 1	12.0 A	15 A	NEMA 5-15	32 x 26 x 50 in	170

# Additional products

## Description

Products to complete your climate solutions.

### Portable Generators

When your climate job requires temporary power, United Rentals offers industrial-utility grade diesel generators ranges from 25kW to 2000kW.

### Industrial Air Conditioners

United Rentals offers Industrial Air Conditioners ranging from 5 to 80 tons. Units come trailer or skid mounted with forklift pockets and lift eyes. Electric powered with quiet operation, these units deliver a high static air supply while utilizing a compact footprint.

### Desiccant Dehumidifiers

When deciding on which dehumidifier to use, consideration must be given to the ambient temperature of the area to be dried. Desiccant dehumidifiers will remove water vapor even at sub-freezing temperatures. They provide maximum drying performance.

### Mobile Chillers and Air Handlers

United Rentals offers Air Cooled Chillers ranging from 20 to 500 tons. Units come trailer and skid mounted with forklift pockets and lifting eyes for easy on-site positioning. Our Air Handlers have variable speed frequency drive which controls temperature through adjustment of blower speed.

# The best people, equipment and solutions in the industry.

Whatever your projects demand, you can depend on United Rentals from start to finish. Count on the world's largest fleet of rental equipment, 24/7 service and support, over 1,000 locations across North America, and experts ready to help you find the best solutions. When you need to get the job done, we're here to help.

## General Rental

- Aerial Lift Equipment
- Forklifts & Material Handling
- Earthmoving Equipment
- Compaction Equipment
- Concrete & Masonry Equipment
- Temporary Lighting

## Power & HVAC

- Chillers
- Power Generation
- Air Conditioners
- Heaters
- Dehumidifiers
- Fuel Tanks
- Power Distribution

## Fluid Solutions

- Centrifugal Pumps
- Submersible Pumps
- Wellpoint Pumps
- Pipe, Hose & Fittings
- Temporary Storage Tanks
- Liquid & Vapor Filtration
- Advanced Water Treatment Solutions

## Reliable Onsite Services

- Portable Toilets & Showers
- Standard & Deluxe Units
- Restroom & Shower Trailers
- Wheelchair Accessible Units
- Hand Wash Stations
- Laundry Trailers

## Tool Solutions

- Hoist & Rigging
- Specialty Welding
